Homestay Accommodation Application Form 2011

What activities (sport, hobbies, interests) do you enjoy when you are not studying?

--

Are there any activities you especially want to undertake or places to visit when you are studying in the UK?

--

What other information would you like your Homestay family to know about you?

--

Except in exceptional circumstances you will be expected to remain in your Homestay accommodation for at least the first half of term in order to allow you time to settle at College and adjust to living in the UK and with your host family. Parents may be charged by the Homestay host family if they require their son/daughter to move earlier than this.

Although every effort will be made to take individual preferences into account, please note that we are unable to make any guarantees on the options specified by you above. We only have a limited number of Homestay host families and these are allocated on a first come first served basis. Not all of our Homestay host families live in the immediate vicinity of the College.

In the unlikely event of a breakdown in your Homestay accommodation arrangement, Strode College will endeavour to find you alternative Homestay accommodation. It may, however, be necessary to place you into College approved bed and breakfast accommodation for a short period of time until suitable accommodation can be arranged. If it is not possible to find you suitable Homestay accommodation, your parent/guardian may have to assist in finding alternative private accommodation.
