Between 2007 – 2010 around 1500 Level 3 (A Level and Vocational) Strode students were made offers on degree courses at universities around Britain. A further significant group progressed to pre-degree studies in the field of art and design. Many Strode students take gap years prior to attending university and travel, work or undertake voluntary work.

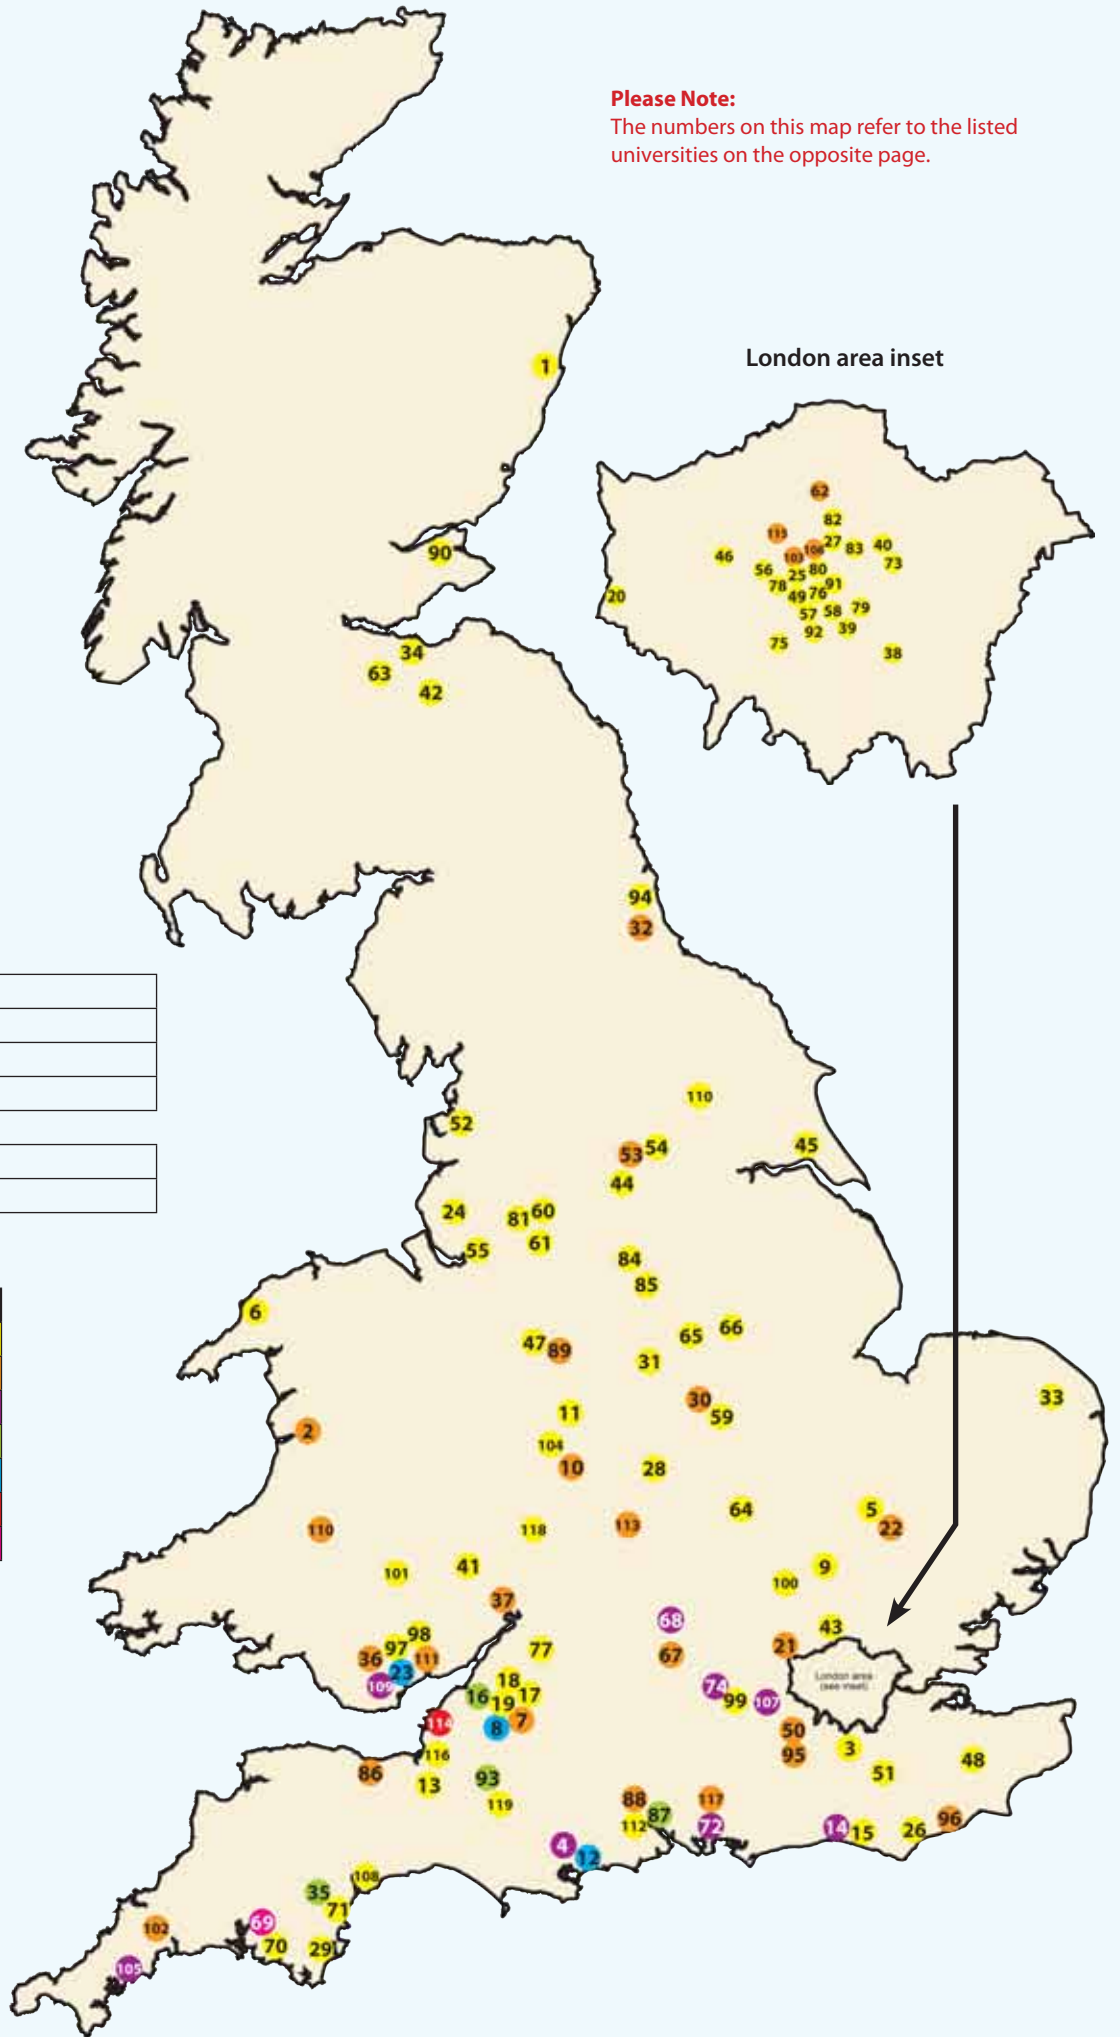

Around 20% of former Strode students have obtained places at universities in the Russell Group of research-based institutions. This group includes Oxford and Cambridge as well as Birmingham, Bristol, Cardiff, Edinburgh, Glasgow, London Imperial, Leeds, Liverpool, London School of Economic, Manchester, Newcastle, Nottingham, Sheffield, Southampton, London University College and Warwick.

Strode students' favourite top five universities are Plymouth, West of England, Bath Spa, Cardiff, and Bournemouth. In addition to the top five universities above, the top 10 universities for Strode students also included Exeter, Southampton, Bristol, Reading and Bath.

Strode College encourages former students, who have taken gap years without applying to university, to make an application. Each year a number of former Strode students return to receive UCAS application support and guidance from the careers team (there may be a charge for this service).
